We Tell Your Story

It was when a group of young and dynamic individuals decided to fulfill the calling of a shared passion together that the Big Five emerged. Big Five is more than just a name and a brand. Here's how we see it. We carry the spirit of Rhinoceros's 'Workmanship'; Leopard's 'Fast Service'; Lion's ability to 'Stand Apart From The Crowd'; Elephant's 'Strength and Durability' and Buffalo's 'Aggressive Approach'. Thus, the Big Five represents the iconic and most remarkable characteristics that only a few can be proud of. Every product featured in the Big Five is a revelation into the lives of you, our customer, a story that has been exclusively crafted celebrating your unique and diverse journeys thus far. You deserve only the best, which is why our products have been specially curated and created keeping you in mind. Artistic, functional and a marvel of craftsmanship, the distinct product line showcases your social strata and lets you flaunt it anytime. We tell your beautiful story through our user-friendly designs so that you may tell ours to others, happily. Let's collaborate. Let's work on a rewarding partnership.
