ENGINEERED
VENEERS

Greenply

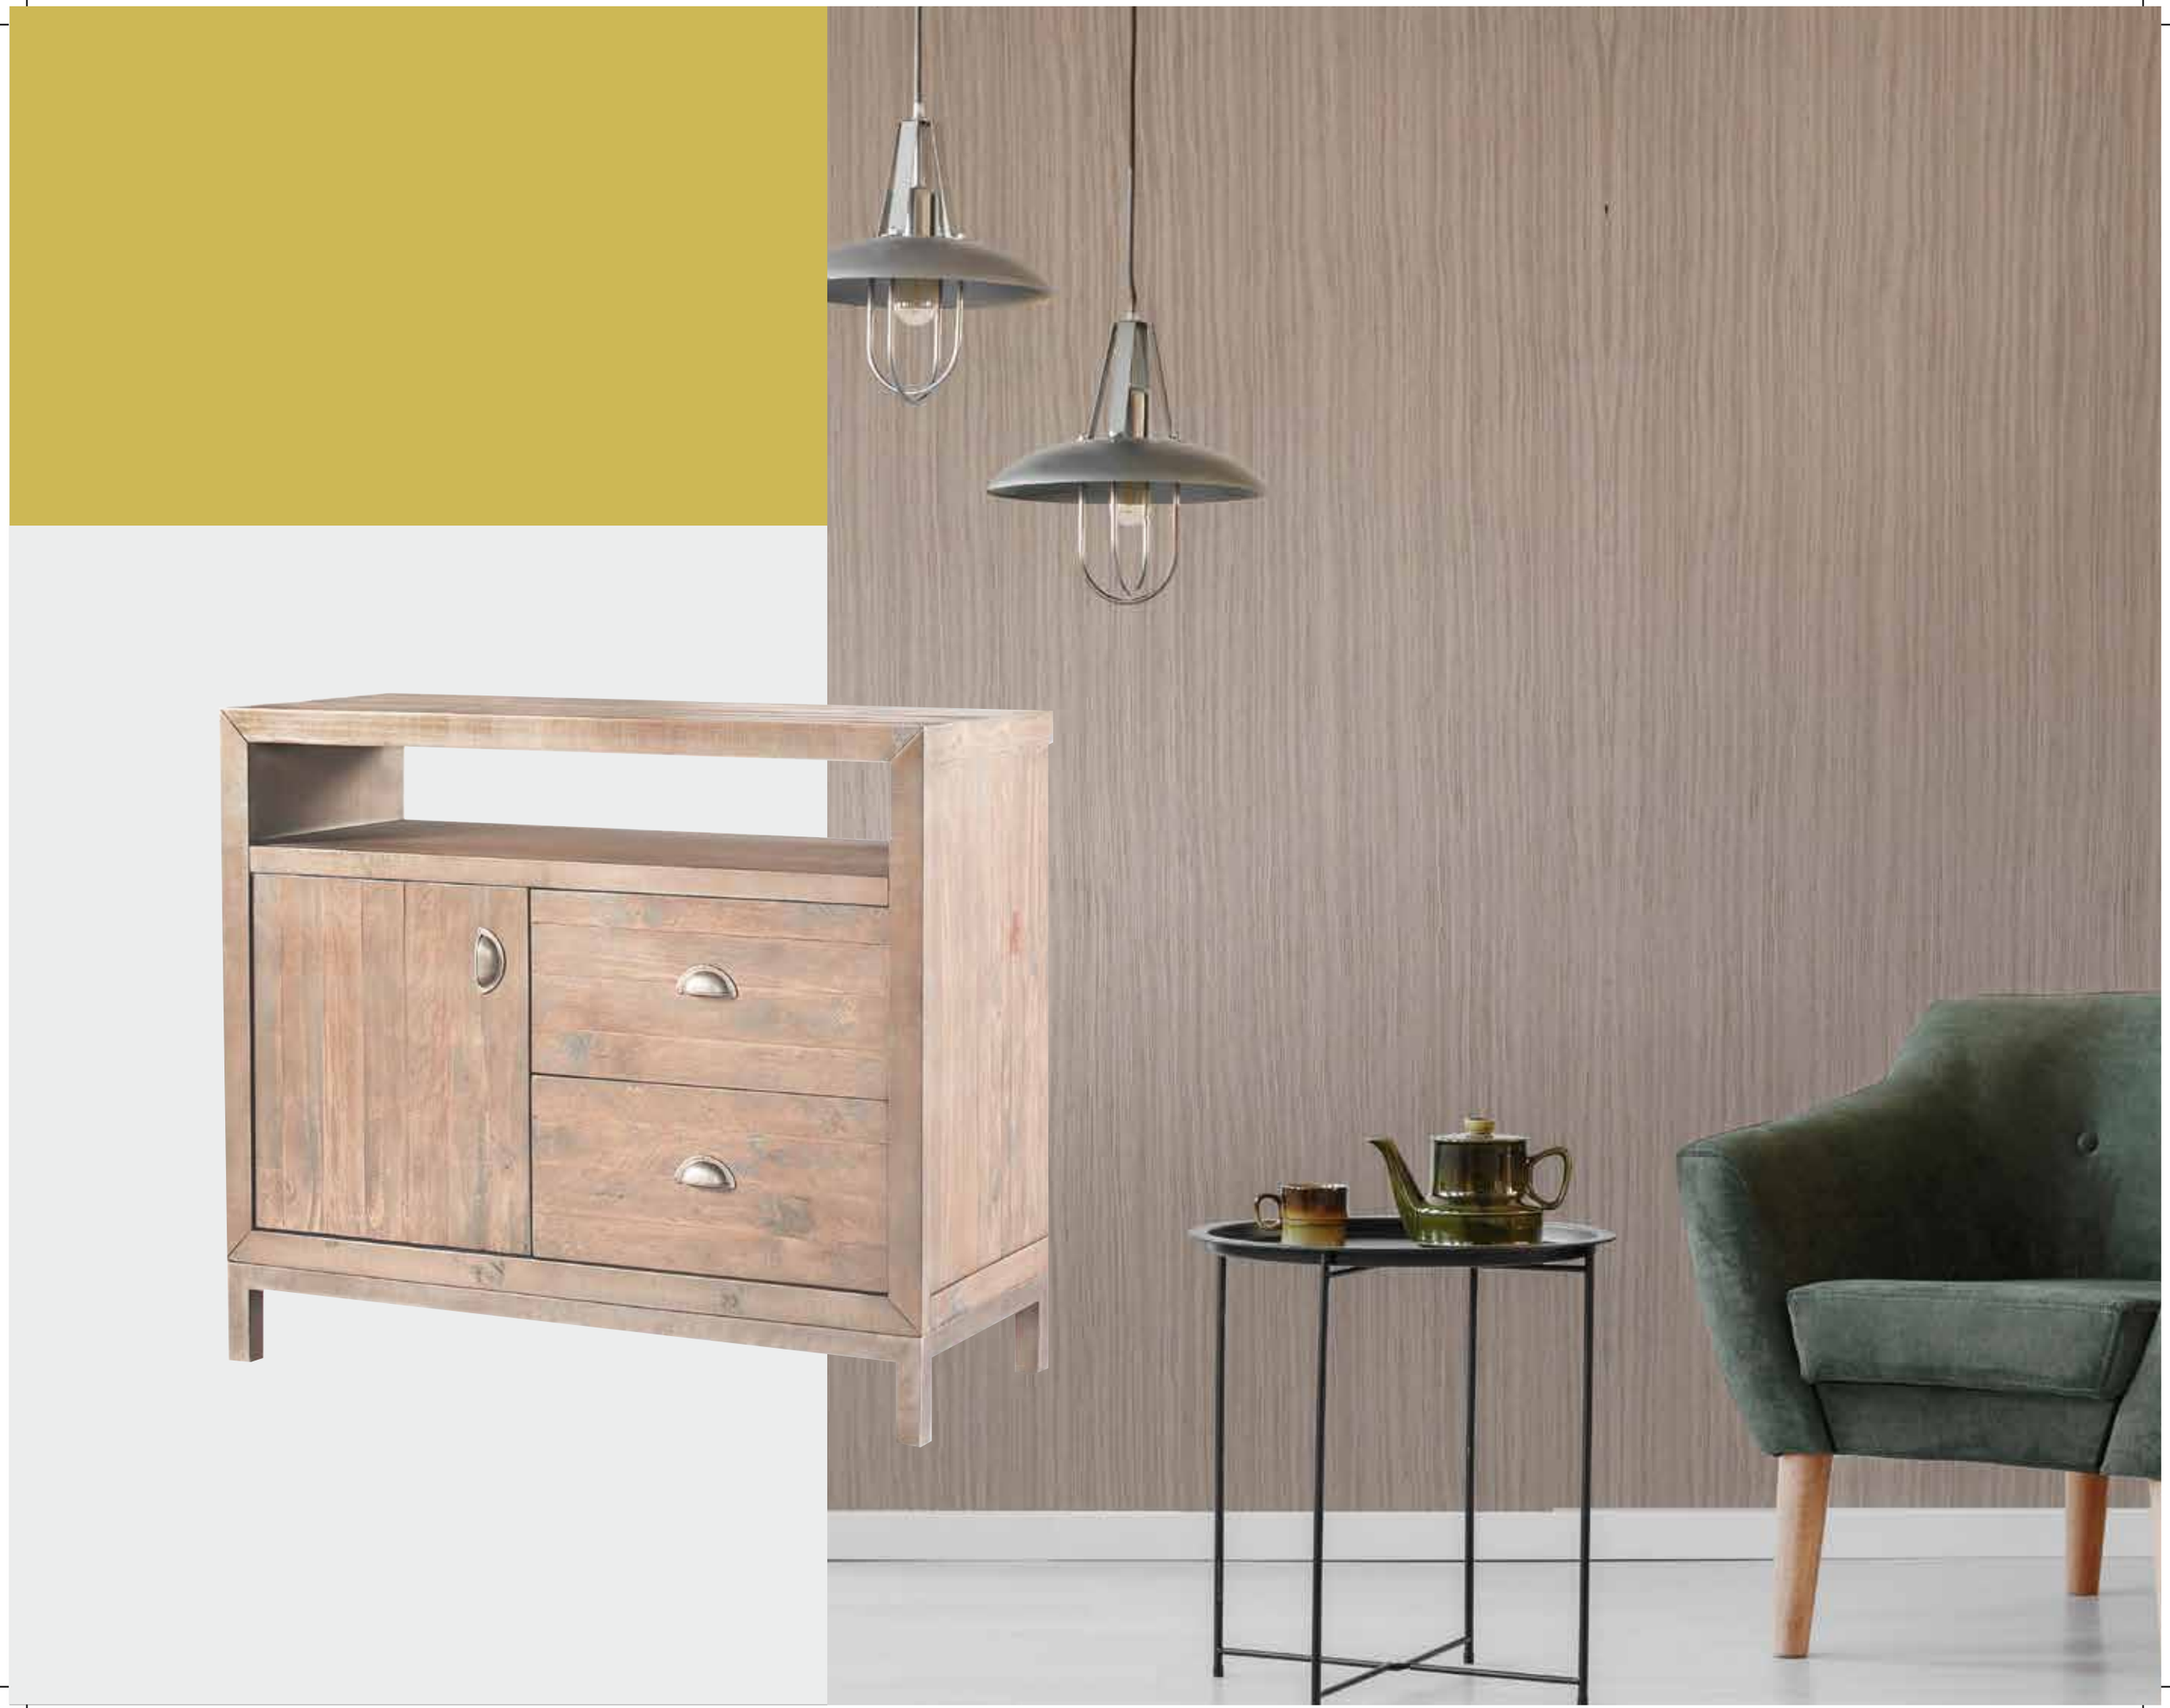

With over 30 years of experience in the world of plywood, Greenply Industries Limited is a flourishing vessel of prospects. As one of India's largest interior infrastructure company, Greenply is equipped to manufacture state-of-the-art plywood, blockboards, flush doors, decorative veneers, PVC/WPC boards and uPVC doors, besides other allied products. Today, it is a household name, with a glittering presence in 300 cities across 21 states.

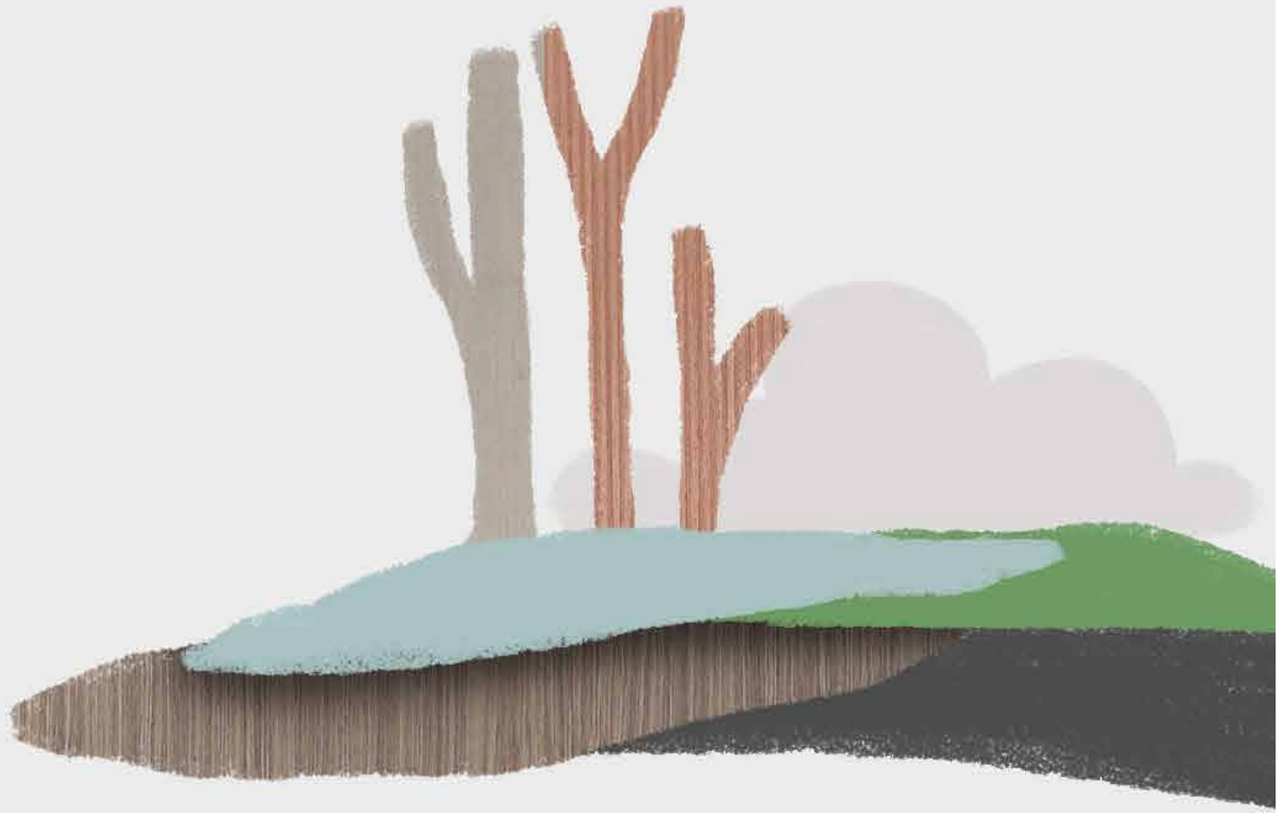

Greenply ENGINEERED VENEERS

Every home is a unique thumbprint on the canvas of living spaces. Every wall, chink and crack is a mute storyteller; every story is different. At Greenply, every veneer tells a unique story of living. We are taking the art of aesthetic living one step further with Engineered Veneers. Affordable and eco-friendly, these veneers help you to replicate exotic design expressions for your home. They are marked by their grain consistency and uniformity of colour. Our products are manufactured using the finest grade facto inputs, in compliance with international quality standards.

BLAZE

Add an ethereal dimension to living spaces, a touch of light to transform familiar contours into sublime scapes. Blaze makes interior decor out of natural light.

MEDIAN

Home is peace, a homily to balanced living. Its walls bear witness to every passing gesture, every shade of passion. Median belongs in such homes. It is a stage upon which light and shade perform conjuring tricks.

TWILIGHT

The restlessness that follows you home at the end of a busy day stops at the threshold of your room. Beyond, there's a twilight zone where the day's cares turn into dream symbols - shifting light on the face of the night. Twilight brings to you the aesthetics of a lucid dream.
