The art of elegance

Pinex Decor is a leading brand of interior plywood, mica, suturing plywood and door skins with a wide array of world-class products and designs for domestic, commercial and industrial use. Our dedication to quality and customer satisfaction has helped us attain a global recognition of being a leader in the laminates and panel industry. At Pinex, we treat our clients as the soul of the project. Our main goal is to illustrate his/her values and individuality through design. Our team pays attention to every minute detail – from an idea and concept development to its fruition. All our projects reflect the idea of fusing traditions with incorporations to portray a unique artistic image.

Pinex Decor has been the front-runner in the Indian organized plywood market as a beacon of class and ingenuity. At Pinex Decor, we use the latest technology to provide the best possible laminates and plywood products at pocket friendly prices. We aim to provide variety, quality and durability all wrapped up together, making it stand apart from the crowd. Further, all our elements go through PF chemical, which makes them extra strong and resilient.

Our philosophy is not restricted to meet the clients' expectations but also to surpass them. We strive to provide a myriad of options to the client and leave no stone unturned to make their dream home or office come perfectly alive.

We take into account both present and future to offer designs, textures and colours which reflect a blend of contemporary & futuristic approach to meet the dynamic demands of the ongoing trend. With our robust infrastructure and stringent quality checks, we deliver superior quality products to our clients. Our diversity of products are both affordable and adaptable to every surface which makes it suitable for a broad spectrum of audience.

At Pinex, the customer is king. We always listen to what you have to say and work towards building a relationship between the consumers and the company. We believe in delivering the best to our customers in terms of exceptional services coupled with customer care. Our operations are transparent for all to see and we are happy to keep working towards serving the needs of all.

CREATIVITY

Modern, sophisticated, and ultra-chic, these surfaces blend in, to create a very soothing and alluring vibe.

Properties	IS Requirement As per IS 2046 Type S, VGS	BOLD BOOK
Thickness	1.00mm+ -0.10mm	✓
Surface Defects A. Spots, Dirt, & Similar Surface defects B. Fibers , Hair, Scratches C. Accumulated of surface defects.	Max Contamination area equivalent to 1.0 mm 2/m2 Max Contamination Length of 10.0 mm /m2 Max. Level for each of the two type of defects shall not exceed half of the levels prescribed in 5.4.1.1 & 5.4.1.2	✓
Edge Defects	20 max	✓
Broken Corner	One Broken corner of < 30 mm Or two broken corner of < 15 mm allowed	✓
Sanding Defects	Slight chatter Marks are allow	✓
Warping	Max warp 120 mm	✓
Dimension A. Length B. Width	+ 10 mm, - 0 mm + 10 mm, - 0 mm	✓
Straightness of Edge	1.5 mm/M ²	✓
Squareness	1.5 mm/M ²	✓
Resistance to Surface Wear Revolution (Min) Index No	Not Less than 150 (revolution)	✓
Resistance to Immersion in Boiling Water A. Mass increase % Max B. Thickness increase % Max C. Appearance Grade not worse than	Not More than 12 Not More than 14 Not Less than 4	✓
Dimensional Stability at deviated Temp. (Max) A. Length wise (L) % B. Cross Wise (T) %	Not more than 0.65 Not more than 1.15	✓
Resistance to Scratching , Index No	Not less than 2	✓
Resistance to Staining Grade not worse than A. Group 1 & 2 B. Group 3 & 4	Not less than 5 Not less than 4	✓
Resistance to Steam (Appearance Grade not worse than)	Not less than 4	✓
Resistance to Impact by small dia ball (Min), Index No	Not less than 3	✓

NOTES :

- Size : 2440 mm x 1220 mm [8'x4']
- Thicknesses : 1.00 mm (other thickness available on request)
- Notes :
 - All tests may not be valid for metallic and gloss laminates.
 - Samples pasted, represent only color, pattern and finish and not actual thickness.
 - There may be slight variation in shades in batch to batch, particularly in metallic designs.
 - Bonding of laminates under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination/ air bubbles in between ply and laminate.
 - BOLDBOOK LAMINATES are used for various applications, without the possibility of control over the manufacturing of the finished products, the company does not assume obligations or liabilities arising from the furnishing, sale, installation or repair, use or subsequent sale of any product, to any person or entity.
 - BOLDBOOK LAMINATES warrants that its products are reasonably free from manufacturing defects. The products when properly used, will comply, with normal deviations, related to manufacturing specifications. This warranty shall be limited only to the original buyer for a period of care. It is recommended that the products must be inspected prior to installation and our liability will be limited to the extent of the cost of the products only.
